Dear Crystal,

I cannot tell you just how very appreciative we are that your Foundation has chosen to continue to grace us with toys for the children at Christmas again this year. We are truly amazed at how you've managed to mobilize such an organization in so short a time and how responsive everyone is to your calls. It is absolutely magnificent !

I wish I could have stayed around longer to meet more of the parents who came seeking a gift or two for their kids, but we had other commitments to meet so we only managed to meet three of them. It was quite an experience for me and the tears were flowing freely. It seemed unfair of me to ask for a photo or two of Christmas morning and then I thought, ... photo,... these folks are here looking for a toy for their kids. What makes me think they have a camera to take a photo?

I know your dad is so very proud of all that you, your mother and Sean have accomplished in his name and we are honored to be one of your annual recipients. On behalf of the American Legion Greenlawn Post 1244, Thank You from the bottom of our hearts for your generosity . We look forward to a long and fruitful relationship with the Foundation.
