APRIL 2012 NEWSLETTER

Issue No 1

Dear Crystal,

We are proud to announce the launch of Ski's Open Heart Foundation. Our mission is to provide the resources necessary for our fellow American's, who continue to suffer as a result of being directly or indirectly impacted by the events of September 11, 2001, so that they may live a full and satisfying life.

Visitors to this site can share their own personal stories, learn more about the foundation and donate to our great causes via the mail, online or through up-coming events. This foundation means a lot to us, because it's inspiration was a hero in his own way to many people.

***Sincerely,
Crystal Gajewski
Founder
Ski's Open Heart Foundation***

First Fundraiser

Ski's Open Heart held its first Fundraiser on March 7, 2012 at the Suffolk County Ambulance in East Patchogue and filled a 24 foot box truck with water, boxed goods, clothes, toys, canned goods and they were sent down to the Tornado Victim's.

About Ski's Open Heart Foundation

This foundation was created by the surviving family members of Mark "Ski" Gajewski who was a volunteer at Ground Zero and lost his life in December 2011 due to a rare form of Lung Cancer associated with the hazards of spending 2,900 hours down at the site. In addition to helping 9/11 victims and their families, we strive to continue the benevolent work of Mark Gajewski by contributing to the children and animal charities that he

supported during his life.

As Ski would say, "There is no "I" in team, Cupcake". United we stand and together we can make a difference.

To see the story of this beloved hero and what you can do to help others take a look at our website....
