Sarah Anker Announces Strength & Hope Walk – From Montauk Point to Ground Zero

09/10/12 07:42 PM Filed in: [Service to the Community](#)

Montauk, NY—On Tuesday, September 11, 2012, Ski's Open Heart Foundation will be hosting a Strength & Hope Walk from Montauk Point to the Ground Zero Memorial. In addition to honoring Det. Lt / MEC USCG Christopher M. Pupo (February 2, 1972 – June 23, 2012), the event will also recognize responders who have lost their lives following the tragic events of 9/11.

Participants, including veterans of the Iraq and Afghanistan wars, will walk approximately 130 miles from the Montauk Lighthouse to the 9/11 memorial. The group is expected to arrive at the memorial on September 14 where a brief ceremony will be held.

Proceeds from the event will be used to start a college scholarship fund for Chris' three daughters, as well as providing support to the Ski's Open Heart Foundation. "I encourage everyone, if you are able, to waves your flags and show your support as the group moves along Montauk Highway," said Legislator Anker. Please visit [Ski's Open Heart Foundation's website](#) for route information and estimated times of arrival.
