

Sergeant Bill McKenna Foundation

is a not for profit organization established to provide aid and resources to veterans and families affected by toxic environmental exposures / Burn Pits in the O.I.F and O.E.F. campaigns. SGT Bill McKenna died in December 2010 after a battle with lymphoma brought on by repeated inhalation of toxins in burn pits in Iraq. McKenna began serving in the military shortly after the September 11th, 2001 attacks and had completed two tours of duty in Iraq before being diagnosed. He spoke before Congress about the toxins released by these burn pits, which contained waste, munitions, tires and other items.

Skis Open Heart Foundation

was created by the surviving wife, Debra, and children, Crystal and Sean, of Mark Ski Gajewski to honor his memory and continue his legacy. This organization was founded to aid the heroes of 9-11 who selflessly helped rescue Americans,, recover bodies of loved ones, and work at a hazardous site for months to clean-up after the attack. Over a decade later, there are still heroes and their families who are unable to afford basic essentials, such as food, shelter and clothing.

NBTY Helping Hands is a 501(c)(3) non-profit corporation initiated by NBTY, Inc., a leading manufacturer and distributor of nutritional supplements worldwide. For many years, NBTY Inc. has shared its success by supporting the local community through charitable contributions to worthy causes. With the formation of NBTY Helping Hands, we have made an even greater impact by providing much needed funds and support to more people than ever before. It is run solely by our very own associates, who volunteer their time to continue in the tradition of giving. NBTY Helping Hands raises money for a variety of causes and most are right here on Long Island. Helping Hands has been a proud supporter of veterans through the sponsorship of 9-1-1 Veterans. Veterans
Inc**

www.911Veterans.com

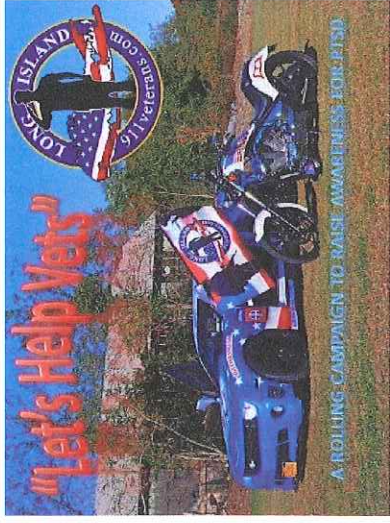

9-1-1 Veterans Inc. is dedicated to assisting veterans on Long Island who are experiencing short-term emergencies. Such emergencies often occur as these brave patriots struggle to cope with the difficult challenges of re-entering civilian life after serving in combat areas. Although 9-1-1 Veterans serves veterans of all eras, the most pressing need right now is to support new veterans who have served in Iraq and Afghanistan. During the current economic downturn it is especially crucial that we help returning veterans find new jobs, as well as aid them in making ends meet for themselves and their families. 9-1-1 Veterans provides financial assistance to help with food and clothing; rent and mortgage subsidies; utility payments; prescription drug and medical co-payments; car repairs and a variety of other short-term financial needs that can occur as veterans return to civilian life. These men and women gave of themselves to defend our freedoms by joining the American armed forces and we are privileged to get a chance to show our gratitude by helping them re-establish their lives now that they have returned home.

VSV is our Veterans Service Vehicle, a "Rolling Tribute" in support of PTSD and Burn Pit Awareness from owners Thomas Grenier and Monica Dragovich.

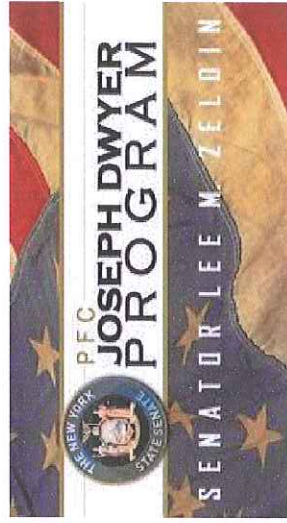

Thank you to VSV supporters Xtreme LED's Online, 3J's Auto & Customs, Gdezine Wraps, Performance Street Industries, Creative Image Photography, Koenig Iron Works, East River Contracting & Ashley Valla Photography.

COVER PHOTO: On the Hood of the VSV is Army PFC Joseph Dwyer, 26, from Mt Sinai NY carries a boy injured in a firefight between the 7th Cavalry Regiment and Iraqi militia troops near Al Faysaliyah village, south of Baghdad on 3/25/03 Photo by Warren Zinn. Joe died from the side effects of PTSD on 6/28/2008.

9-1-1 Veterans President Chris Delaney worked with NYS Senator Lee Zeidin to establish the PFC Joseph Dwyer PTSD Peer-to-Peer Veterans Counseling program in Suffolk County, which provides "peer-to-peer" counseling between veterans who personally understand the effects of Post-Traumatic Stress Disorder (PTSD)
